## Brush up on your cooking skills

If you want to become a domestic goddess, you should try one of the many cooking courses that are on offer.

**Flavour of Italy** is a Dublin based cookery school that shows you how to create the most mouth-watering pasta, meat and sweet Italian dishes. Learn how to make a delicious Spaghetti Carbonara or a delectable Tarta di Ricotta. The best part is that you can savour the tastes of the three course meal you learn to cook, accompanied by wine and an Italian singsong, which makes for a great evening!
